BODGER'S

Unrivalled Flower Seeds

We take pleasure in presenting to our customers this season an extensive price list, covering Flower Seeds for florist and general use.

All of the old favorites are included, as well as novelties, and this year we have added various sorts of Flower Seeds not previously grown in the United States, to accommodate those of our customers who wish to entrust us with a general order.

"GROWING OUR OWN"

It is our policy to grow our own FLOWER SEEDS, personally, on our own land. We are nearer to the complete realization of this ideal today than we have ever been before. Besides our large acreage at El Monte, we have established a growing station at Lompoc, California, where we grow Sweet Peas and many spring annuals which thrive in that locality.

The advantage of this concentration of effort and consequent elimination of conflicting standards is incalculable. To this policy of "Growing Our Own," we lay our reputation for reliability, and such distinction as we have gained in the field of floriculture.

OUR GOLD MEDAL DAHLIA FLOWERED ZINNIAS

The Royal Horticultural Society of England recognized our DAHLIA FLOWERED ZINNIA as a distinct advance in flower culture, by the granting of an "Award of Merit" for the strain and a Gold Medal for the group exhibited in the London Show in July, 1924. This recognition came as a culmination of ten years of effort to improve and popularize the Zinnia.

We take this opportunity to thank our many friends for their liberal patronage during the past season. We earnestly hope that the quality of our seed and the prompt SERVICE which we are endeavoring to extend to all will warrant a continuance of this support.

— A Generation of Service —

ASTERS

We have under cultivation a large tract of land of an alluvial and peat composition which is sub-irrigated from mountain springs.

In this soil, we are able to grow Asters with a minimum of trouble from the diseases common to this plant. Usually there is no rain in Southern California from planting time until harvest. Seed grown under these conditions is of high vitality.

Conditions are thus ideal for us to carry out our program of rigid roguing. Our care in reselection has enabled us to improve old varieties and to establish new types.

NEW ASTERS OF OUR OWN PRODUCTION

IMPROVED GIANTS OF CALIFORNIA

A Novelty of Great Merit

Knowing that great improvement had been made in this pleasing type since its introduction to the trade, we highly recommended it in our 1927 contract offer. Visitors to our farms the past year confirmed our high opinion of this outstanding novelty. It has not only received favorable mention by the Royal Horticultural Society of Great Britain, but has been awarded prizes and awards of merit whenever exhibited in Flower Shows in various parts of the world. This remarkable Aster bids fair to become a universal favorite.

Characterized by the well-known Crego or Ostrich Feather type of flower, combined with the Beauty Aster's long, non-lateral branching stems and sturdy habit of growth, the California Giants Double type of Aster stands at the head of the list, not only for florists' use, but also for private gardens where quality is appreciated. Careful selection has not only perfected this type but has enabled us to extend the color range. The White is exceptionally large and distinctive. Peach Blossom is quite distinct from any of the other colors. It opens as a white and flushes pink when in full bloom, presenting a variety of delicate peach blossom shades on the same plant. Light Blue is an exceptionally fine florists' flower; the color, although delicate, has a sufficient degree of intensity to please the most critical eye. Rose is a very rich deep shade, similar to Aster Beauty Bright Rose. The favored florists' colors are thus fully represented.

Under date of August 21, 1927, the Horticultural Trade Journal of London, England, quotes the following on **Giants of California**:

"Bodger's California strain of Asters is ideal for growers of cut flowers; the flowers measure up to six inches across, packed with broad petals, and may be grown with stems 30 inches long. It is truly an aristocrat amongst Asters, vying with well-grown Chrysanthemums in size of flower and length of stem."

ASTERS—Continued

BEAUTY TYPE

We have noted with pleasure the steadily increasing popularity of the Beauty Aster as a florist's flower. The colors are good, and their keeping qualities unsurpassed. They are excellent shippers and are rapidly superseding American Branching for general use.

EARLY BEAUTY

This type has all of the characteristics of the Late Beauty Type, and is valuable for locations where the season is too late to flower the late type before frost, and for early forcing.

We wish to emphasize, however, that this is not an Early Aster as compared with Early Express or Queen of the Market, but earlier than the Late Beauty Type which is the latest of all Asters. Planted at the same time this type flowers with the Crego and American Branching. Please note we have added three colors to this type.

	Per oz.	Per ¼ lb.	Per lb.
----- Azure Fairy, azure blue or dark lavender_	1.00	3.50	12.00
----- Black Prince (new) black blue_	1.00	3.50	12.00

----- White_	1.00	3.50	12.00
----- Finest Mixed_	.85	3.00	10.00

LATE BEAUTY

Plants about 2 to 3 feet high, of branching habit, commencing to bloom in early September and lasting until destroyed by frost. Flowers large, borne on long and stout stems, from 18 to 24 inches. This applies to all of the Beauty Class, making them most desirable for cut flowers.

	Per oz.	Per ¼ lb.	Per lb.

ASTERS—Continued

EARLY FLOWERING TYPES

Extra Early Express, or Early Wonder

These are the earliest blooming Asters, commencing to bloom with us in June. Flowers large and full, of the Comet type.

	Per ¼ lb.	Per lb
-----Carmine Rose-----	4.00	15.00
-----Dark Blue-----	4.00	15.00
-----Lavender-----	4.00	15.00
-----Light Blue-----	4.00	15.00
-----Rose-----	4.00	15.00
-----White-----	4.00	15.00
-----Finest Mixed-----	3.50	12.00

Queen of the Market

These well-known, early flowering Asters are of a branching habit, about 18 inches high, coming into bloom directly after the early Express, and are one of the most useful types for early market purposes.

-----Crimson-----	1.50	5.00
-----Dark Blue-----	1.50	5.00
-----Flesh Pink-----	1.50	5.00
-----Light Blue or Dark Lavender-----	1.50	5.00

-----Deep Rose-----	2.00	6.00
-----Purple-----	2.00	6.00
-----Rose Pink (lavender pink)-----	2.00	6.00
-----Shell Pink-----	2.00	6.00
-----Finest Mixed-----	1.75	5.50

Ostrich Feather

We consider these the finest of the Comet or Ostrich Feather class, having long, full, fluffy flowers. Plants about 2½ feet high and robust in growth.

-----White, turning to Sky Blue-----	2.00	6.00
-----Cinnabar-----	2.00	6.00
-----Crimson-----	2.00	6.00
-----Dark Blue-----	2.00	6.00
-----Deep Rose-----	2.00	6.00
-----Light Blue, azure blue-----	2.00	6.00
-----Malmaison Pink-----	2.00	6.00
-----Rose Pink (Lavender Pink)-----	2.00	6.00
-----Shell Pink-----	2.00	6.00
-----Sky Blue-----	2.00	6.00
-----White-----	2.00	6.00
-----Finest Mixed-----	1.75	5.50

Upright Branching

Plants erect in growth, 2 to 3 feet high. Branches short and erect. Flowers large and like the late branching.

-----Crimson-----	1.75	5.50
-----Deep Rose-----	1.75	5.50
-----Flesh Pink-----	1.75	5.50
-----Lavender-----	1.75	5.50
-----Purple-----	1.75	5.50
-----Rose Pink (Lavender Pink)-----	1.75	5.50
-----White-----	1.75	5.50
-----Finest Mixed-----	1.50	5.00

ASTERS—Continued

AMERICAN DAYBREAK

Giant Victoria or Washington

	Per ¼ lb.	Per lb.

MISCELLANEOUS VARIETIES

Heart of France

Plants about 2 feet high, branching habit. Flowers medium size

-----Rich Dark Red-----	2.50	8.00
-------------------------	------	------

Crimson Giant

Plants of upright growth, about 2½ feet tall. Flowers large, double, bright crimson and very showy. This is one of the most fascinating colors, viewed from a distance.

-----Crimson Giant-----	2.00	6.00
-------------------------	------	------

Lavender Gem

Plants about 18 inches tall, upright habit. Flowers Comet type, silvery white when young, changing to light lavender when fully expanded.

-----Lavender Gem-----	2.00	6.00
------------------------	------	------

Moreton Pink

This is of the upright Comet type. It is a beautiful shade of flesh or malmaison pink and is very desirable.

-----Moreton Pink-----	2.00	6.00
------------------------	------	------

Ball's White

Pure white, branching habit, medium early.

-----Ball's White-----	2.00	6.00
------------------------	------	------

ASTERS—Continued

New Fancy Yellow

This is by far the best yellow we have yet grown; it is fairly large and fully double.

	Per $\frac{1}{4}$ lb.	Per lb.
-----New Fancy Yellow-----	3.00	10.00

Sada Yakko

-----Flesh-----	2.50	8.00
-----------------	------	------

Everlasting Flesh

This curious Aster was found in our fields a few years ago and it has retained its peculiar characteristics during the four years we have grown it in our trial grounds. It resembles a large *Helichrysum*; when cut and dried it retains its color and shape as an everlasting flower.

-----Everlasting Flesh-----	1.50	5.00
-----------------------------	------	------

LATE FLOWERING TYPE

Bodger's Giant Branching Comet

Plants 2 to 3 feet high, branching habit, bearing a large quantity of fine Comet flowers, large and double.

-----Crimson-----	1.75	5.50
-----Dark Blue-----	1.75	5.50
-----Lavender-----	1.75	5.50
-----Light Blue, azure blue-----	1.75	5.50
-----Deep Rose-----	1.75	5.50
-----Rose Pink (Lavender Pink)-----	1.75	5.50
-----Royal Purple-----	1.75	5.50
-----Shell Pink-----	1.75	5.50
-----White-----	1.75	5.50
-----Finest Mixed-----	1.50	5.00

King (Needled Type)

These are mostly of upright habit (18 inches to 2 feet high). Flowers, large and double, petals quilled, making them distinct from all others and a very desirable class.

-----Blackish Blue (new) very dark-----	1.75	5.50
-----Crimson-----	1.75	5.50
-----Deep Flesh-----	1.75	5.50
-----Lavender-----	1.75	5.50
-----Peach Blossom (Pink, Lavender Pink)-----	1.75	5.50
-----Rose, brilliant rose-----	1.75	5.50
-----Shell Pink, beautiful shell pink-----	1.75	5.50
-----Violet, purplish violet-----	1.75	5.50
-----White, pure white-----	1.75	5.50
-----Finest Mixed-----	1.50	5.00

ASTERS—Continued

American Branching

(Also known as Vick's Branching)

Plants 2½ to 3 feet high, branching and robust habit. Flowers large, double and fine form. Our selected stocks of these are the best money can buy.

	Per ¼ lb.	Per lb.
----- Azure Blue -----	1.75	5.50

----- White, Extra Select -----	1.75	5.50
----- Finest Mixed -----	1.50	5.00

Single Type

Single Giants of California

We offered this wonderful Aster for the first time last year. It was developed out of the Double Giants of California type. The flowers are large, measuring three to four inches across, with stems 18 to 24 inches in length. The petal has a slight twist, which adds a piquant touch to its beauty. The white blossoms resemble Shasta Daisies in appearance, but their greater length of stem makes them more graceful and better adapted to florists' use. In the garden, the Single Giants of California add a charming note of simplicity among the fuller types of Asters. We believe this new, single type of Aster is destined to become very popular.

May we not grow for you?

ZINNIAS

BODGER'S GOLD MEDAL DAHLIA FLOWERED

In July, 1924, the Royal Horticultural Society of England granted an "Award of Merit" for the strain, and a **Gold Medal** for the group of Dahlia Flowered Zinnias exhibited in the London Show. This official recognition of the strain meant much to its originator, our late president, John Bodger, who had put forth the best efforts of his last years in perfecting this type.

A silver medal awarded by the Royal Horticultural Society in August, 1927, is evidence that the Dahlia Flowered Zinnia is maintaining its place among worth while strains.

The large size, fullness of petals, extraordinary color range, and good keeping qualities of this flower have all contributed to its popularity. It is easily grown, and keeps well when cut. It is at present immune from disease. Equally good as a garden flower and as a florist's specialty, its popularity should increase with years. It has been truthfully called "A NEW FLOWER FOR THE PEOPLE."

A Florist's Moneymaker

This type is proving a good forcer among the florists. Polar Bear is forced and used extensively as a bunching flower for Mother's Day, while Exquisite, Old Rose, Golden State, Crimson Monarch and Canary Bird are specially recommended to force as desirable colors for florists for early Spring trade.

To assist in visualizing the true color, we have inserted, parenthetically, Ridgeway's Color Chart descriptions.

We offer all varieties as follows:

	Per oz.	Per ¼ lb.	Per lb.
	1.50	4.00	15.00

- EXQUISITE—By far the most pleasing of our collection. Truly DAHLIA flowered as regards form and size. Color light rose with center a deep rose. (Tyrian Rose.)
- OLD ROSE—This is adequately described by its name, as it is of the real Old Rose Shade; it is large, and for charm and beauty we consider it ranks next to Exquisite.
- ILLUMINATION—Similar to Exquisite, but a striking self color of deep rose. (Tyrian Rose).
- GOLDEN STATE—A very rich orange yellow (Cadmium). Yellow in the bud, turning to an attractive orange when in full bloom.
- CRIMSON MONARCH—By far the largest and best of the red shades. Flowers often eight inches in diameter. Plants very vigorous. A marvelous production of extraordinary merit.
- GIANT ATTRACTION—A distinct shade of brick red (Spectrum Red) which carries its color well from the bud, and forms into an immense ball of color when in full bloom.

ZINNIAS—Gold Medal Dahlia Flowered—Continued

- SCARLET FLAME—A large, beautiful, bright scarlet, with a delightful blending of orange throughout the petal. This is not a bicolor.
- METEOR—A rich, glowing deep red (Spinel Red) and the darkest of all the red shades. Fine form, with good depth of petal. Very large and more floriferous than other reds.
- LEMON BEAUTY—This is next to Crimson Monarch in size and form. It may be described as a golden yellow on brown. Decidedly a pastel shade, and should be in every collection. (New).
- ORIOLE—We consider this the most beautiful of its class. It is an immense orange and gold bicolor, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.
- DREAM—A fine, deep lavender, turning to purple (Mallow Purple) a new, desirable shade in Zinnias.
- PURPLE PRINCE—A fine, deep purple (Rhodanthe Purple) large and well-formed. (New.)
- POLAR BEAR—A very large pure white, the best white yet seen in Zinnias. True Dahlia form.
- BUTTERCUP—An immense deep creamy yellow. A very desirable flower, which should be included in every collection.
- CANARY BIRD—A delicate shade of primrose—very large and holds its color well until out of bloom.

-----SPECIAL GOLD MEDAL MIXTURE—

	Per oz.	Per ¼ lb.	Per lb.
A well blended mixture containing all the above novelties-----	1.25	3.00	10.00

- ALL COLORS MIXED—While this mixture may not contain such a variety of colors as the Special Mixture, its color range is very good; it has been thoroughly rogued in the field for type and size of flower-----

|-----|------|------|
| .85 | 2.00 | 6.00 |
|-----|------|------|

PICOTEE TYPE

The Picotee Zinnia, introduced by us in 1919, differs from other types in that each petal is outlined by a contrasting color which harmonizes with the body of the flower. The form and color range are similar to the Giant type, but the size is between the Giant and Pumila types. They are useful to provide variety in that portion of the garden devoted to Zinnias, but they are especially adapted for use as cut flowers. They reproduce about 70% true.

ZINNIAS—Picotee Type—Continued

	Per $\frac{1}{4}$ lb.	Per lb.
-----Golden Pheasant—Gold ground tipped with maroon-----	3.00	10.00
-----All colors mixed, including new colors from white to scarlet-----	2.50	8.00

QUILLED TYPE

-----Victory Choice Mixed—including several new colors; this variety has been greatly improved in size and range of color this year-----	2.50	8.00
-----Achievement, Mixed-----	2.50	8.00

GIANT MAMMOTH TYPE

or California Giants

The Giant Mammoth Zinnia has smaller centers and more loosely placed petals than the old Giant type, thus presenting a pleasing appearance. The size of the flower has been notably increased over the Giant Plenissima. The petals are decidedly imbricated and the flower from bud to bloom assumes a succession of graceful forms.

This is the new type that we introduced in 1926. It has met the approval of the general trade and we prophesy when the full assortment of colors is available will supersede the Double Giant type.

	Per $\frac{1}{4}$ lb.	Per lb.
-----Cerise Queen, beautiful cerise rose-----	2.50	8.00
-----Enchantress, color same as Exquisite in Dahlia Flowered type-----	2.50	8.00
-----Lemon Queen, lemon orange-----	2.50	8.00

-----Orange King, cadmium or burnt orange-----	2.50	8.00
-----Orange Queen, golden yellow-----	2.50	8.00
-----Purity, white-----	2.50	8.00
-----Rose Queen, striking bright rose-----	2.50	8.00
-----Scarlet Gem, glowing scarlet-----	2.50	8.00
-----Finest Mixed-----	2.00	7.00

DOUBLE GIANTS

(Improved Grandiflora Robusta)

The Giants are still very popular on account of their bright colors. For those who do not wish to list all the various shades we have picked out the twelve most popular colors and best all-around favorites of this type, as follows:

	Per $\frac{1}{4}$ lb.	Per lb.
-----Bright Rose-----	2.00	6.00

This is a low border plant sometimes called creeping miniature Zinnia.

For the information of our new customers we will state we have devoted sixteen years to the improvement of existing types of Zinnias, and the originating of new and popular types; such as, PICOTEE, VICTORY QUILLED, CALIFORNIA GIANTS and DAHLIA FLOWERED. The rapidly increasing demand for these improved types will necessitate our planting over three hundred acres this year.

This season we have devoted ten acres of our Experimental Grounds exclusively to the development of our new varieties of Zinnias. By using the most up-to-date scientific methods we are not only enabled to keep our present novelties up to standard but are in a position to put on the market important new developments in this popular flower. Every year we are adding new colors, increasing the size and perfecting the form of the Zinnia.

Bod ger's Zinnia Seed will assure you satisfaction. The discriminating buyer knows that the best is always the cheapest in the end.

CARNATION

Chabaud's Giant Double

Our plantings this year were so exceptionally fine that we again lay stress on the importance of listing this type of Carnation. By special selection we have greatly increased the size and otherwise improved this strain. In our judgment it is the best Carnation now on the market, produced from seed. We, therefore, highly recommend it.

----- Cardinal Red (Sparkler) -----	4.00	12.00

----- Finest Mixed -----	2.75	8.00

Perpetual

	Per ¼ oz.	Per oz.
----- Engleman's Gold Medal, finest mixed -----	5.00	15.00

 We wish to advise that we have the sole American agency for these famous Carnations which are produced and sold in such quantities by Mr. Engleman on the London market. We are growing these on our farm from seed produced on the plants, the flowers from which won the sweepstake prize at the Chelsea Show in 1925. They reproduce from seed very satisfactorily and throw better than 80% double flowers.

Seeds Good for Packeting

The following list is made up of the most popular varieties used for packeting, but should you wish any additional varieties either in mixtures or separate colors, kindly submit us a list, and we shall be glad to give you special quotations for seeds in quantity.

For the benefit of our customers who put out seeds in packets, we have tabulated below a list of varieties suitable for this purpose. Our seed is of excellent germination and mixtures will contain a good range of colors.

GIANTS OF CALIFORNIA

Bodger's Special Mixture

	Per $\frac{1}{4}$ oz.	Per oz.
-----This is a well balanced mixture of light and dark colors, including pink and rose shades, fringed and ruffled, with attractive deep throats, many beautifully veined. This is the first picking from the choicest plants-----	5.50	18.00

Good Mixture

-----An evenly balanced mixture containing many beautiful shades. This is a good value-----	3.00	10.00
---	------	-------

Dwarf Giants

-----This is a dwarf, sturdy growing type especially suited to pot culture. Flowers are beautifully ruffled and fringed with open well marked throats. The mixture contains a good assortment of the most desirable colors and is a valuable addition to the fancy type of Petunia-----	9.00	30.00
---	------	-------

Ruffled Monsters

-----This is a half dwarf type of erect and robust habit. The flowers are very large and ruffled, with open shallow throats. The colors are mostly the desirable red and dark shades, richly marked and veined-----	7.50	25.00
---	------	-------

Yellow Throated Mixture

-----A special, reselected mixture of Giant Fringed. Pleasing light shades, all having yellow throats-----	5.00	18.00
--	------	-------

GRANDIFLORA SINGLE FRINGED

-----Brilliant Rose-----	4.50	16.00
-----Miranda, rosy carmine-----	4.50	16.00

Caucasica (Perennial)

	Per oz.	Per ¼ lb.	Per lb.
Lilac	1.50	5.40	18.00
White	1.50	5.40	18.00
Perfecta	2.00	7.00	25.00
New Hybrids (Isaac House Strain)	5.00	----	----

These flowers are very large and attractive. The petals are frilled and wavy, a decided improvement over Perfecta strain and contains a large range of pleasing shades including dark blue, light and dark lavender, mauves and a few whites. This strain is particularly useful for inside forcing. We hope, in the near future, to be able to offer these in separate shades that come true from seed.

Mammoth Early Branching Nice

This variety is now recognized as the most valuable of all Stocks for cutting purposes and the most popular for general use.

If sown early, they come into flower as early as Dwarf Ten Week varieties; the flowers are larger, and the branching habit renders them invaluable for florists.

-----In Separate colors-----	1.25	4.00	12.00

of the discriminating Seedsman.**

HARDY PERENNIALS

On account of the increasing demand for Perennials, we are giving them special attention, and have materially increased our plantings. To serve as a guide, we give below a selection of Perennials which we consider the most desirable. We have also indicated those which are especially suitable for rock gardens.

AGROSTEMMA CORONARIA

	Per ¼ lb.	Per lb.
-----Atro-sanguinea-----	.60	2.00

ALYSSUM

-----Saxatile Compactum-----	1.00	3.00
------------------------------	------	------

Especially suitable for borders and rock gardens.

AMPELOPSIS

-----Veitchi (Boston Ivy)-----	.50	1.75
--------------------------------	-----	------

ANCHUSA

-----Italica, Dropmore Variety-----	1.50	5.00
-------------------------------------	------	------

ANTHEMIS

-----Kelwayii, golden yellow-----	1.50	5.00
-----Montana, pure white-----	6.00	22.00

AQUILEGIA

	Per oz.	Per ¼ lb.	Per lb.
-----Single Mixed-----		1.25	4.50
-----Double Mixed-----		1.25	4.50
-----Chrysantha, yellow-----	1.50	5.50	18.00
-----Chrysantha, Silver Queen-----	1.70	6.00	20.00
-----Coerulea, Rocky Mountain Blue Columbine-----	1.70	6.00	20.00

Long Spurred Varieties

-----Blue Shades-----	2.60	9.50	32.00
-----Pink Shades-----	2.60	9.50	32.00
-----Jaetschauui, large yellow with red spurs-----	2.60	9.50	32.00
-----Mrs. Scott Elliott's Strain-----	2.10	7.50	25.00
-----Dobbie's Imperial Hybrids, Finest Mixed-----	2.75	10.00	35.00
-----Improved Long Spurred Varieties Mixed-----	1.50	5.50	18.00

ASTERS

Perennial (Michaelmas Daisy)

-----Newest Varieties in Mixture-----	4.50	15.00
---------------------------------------	------	-------

BELLIS PERENNIS

(English Daisy)

Double

-----Extra Finest Mixed-----	1.00	3.00	10.00
-----Good Mixed-----	.85	2.50	8.00
-----Longfellow, dark rose, extra double-----	1.25	4.00	12.00
-----Snowball, extra double white-----	1.25	4.00	12.00

Monstrosa, Improved Giant Double

-----Red-----	2.00	6.00	20.00
-----Rose-----	2.00	6.00	20.00
-----White-----	2.00	6.00	20.00
-----Tubulosa Etna, red-----	3.00	10.00	-----
-----Mixed-----	1.00	3.50	12.00

CAMPANULA (Canterbury Bells)

	Per ¼ lb.	Per lb.
----- Medium, Single Mixed -----	1.00	3.00
----- Medium, Double Mixed -----	4.00	12.00
----- Calycanthemum, Single Mixed -----	2.50	8.00
----- Longistyla (Biennial) per oz., \$.75 -----	-----	-----

CARNATION

----- Hardy Mixed -----	3.00	10.00
-------------------------	------	-------

Chabaud's Giant Double

----- Cardinal Red (Sparkler) -----	4.00	12.00

-----Double, Finest Mixed-----	7.50	28.00

CONTRACT FOR 1928 CROP

-----, 1928

Between JOHN BODGER & SONS CO., Los Angeles, California

And-----

JOHN BODGER & SONS CO. agree to plant sufficient land under normal conditions, ordinarily to produce the amount of seed named hereafter, at prices indicated, and will deliver the seed at nearest terminal point in California as soon as practicable after harvest, seed to be in good merchantable condition, as defined below.

"In good merchantable condition" is understood as meaning seeds properly cleaned for seeding purposes, approximately free from foreign seeds distinguishable by their appearance, and of a germination equal to the fair average germination of the crop of the current year.

We reserve the right to advance any or all prices in this list on orders received after May 1st, 1928.

JOHN BODGER & SONS CO. will accept contracts only as long as the condition of the crops is favorable enough to justify their accepting same. In case of partial or total failure of any or all crops planted, or in case of damage to, or destruction of JOHN BODGER & SONS COMPANY'S seed stocks before planting, or to any seed through fire, accident or other cause beyond seller's control, JOHN BODGER & SONS COMPANY shall be obliged to deliver, if at all, proportional quantities only, and, in any event, JOHN BODGER & SONS COMPANY shall have the right to reserve an amount of seed equal to that used in said planting.

Bags or containers will be charged at market value.

TERMS: F.O.B. California terminal, flower and vegetable seeds, 60 days net or 2 per cent discount for cash within 30 days from date of invoice. Beans, sight draft against bill of lading. All overdue accounts subject to sight draft without further notice.

NON WARRANTY. We give no warranty, express or implied, as to purity, description, quality, productiveness or any other matter of any seeds or bulbs we send out, and we will not be in any way responsible for the crop. We quote subject to immediate acceptance, stocks unsold, confirmation of orders, stenographic errors and omissions, delays and contingencies beyond our control.

If our goods are not accepted on these terms, we should be notified at once.

Our seeds have been selling on their merits for the past thirty-four years, and by observing the steadily increasing demand for them, we believe they have given general satisfaction. We are always glad to receive comments of any kind from our customers, and will give the same our careful attention.
